

Art and the Power of Community

UH Mānoa, September 13th-15th

Visiting Activist Organizers, Eden Jequinto of the Oakland's Eastside Arts Alliance: Guerrilla Theatre and Youth Leadership Programs, and Mariella Saba of Los Angeles Community Action Network will run an interactive workshop that invites you to make art and theatre for our communities and for social justice. They will wake up the muralista, actor, spoken word artist and activist that lives deep inside us.
